

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 10, 1995

SUBJECT: **SJR 42**

This resolution, if adopted, will direct the Department of Environment and Conservation, Division of Archaeology to develop a plan regarding management strategies for the preservation and construction of significant shipwreck sites in Tennessee. The Division shall recognize important events and geographic locations in the history and the development of the river navigation and establish a geographic data base and an information system that can be used to locate, track and cross-reference significant shipwrecks in Tennessee. The Division of Archaeology is authorized to accept loans or grants, materials or property, facilities or services from the U.S. Government, individuals, firm or corporation, local government or other sources. Such funding, along with any appropriations, must be for the holding, use, administering and expending of the Division of Archaeology.

The fiscal impact from adoption of this resolution, is estimated to be an increase in recurring state expenditures of approximately \$29,600 for one position and related expenses, and a one-time increase of \$10,900 for equipment and printing.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
